

**making things better**

## Quality management statement

The aims and objectives of NE3D Ltd are to provide its clients with a service that meets the client's specification and is delivered within the required timescale.

We are passionate about our business and are naturally concerned with the quality and reliability of our service, because our reputation depends so much on this.

We have developed a project schedual, which gives NE3D Ltd the ability to carry out the service at the right time and at the right price.

Quality is maintained and enhanced by working in a systematic and flexible manner to procedures designed to control and eliminate the occurrence of non-conformances.

It is the responsibility of the Director to ensure that all such procedures are clearly documented and implemented.

The Directors with the Quality Manager and other members of the Management Team regularly review the Quality Management System to ensure its continuing suitability and effectiveness.

It is the responsibility of the Quality Manager to ensure that the Quality Management System is audited in order to verify the on-going application, suitability and effectiveness of the System.
